Please, note these guidelines.

EARLY PICK UP?

Planned early pickups will be necessary when appointments must be scheduled for during the school day. In such cases, please notify the School Office before 09:00 of the respective day.

If a child returns to school after an appointment, they will of course rejoin the class immediately, with no need to wait.

Planned learning continues until 16:15/16.30 every day, and the last 15 minutes are important.

In Year 2 and above, early pick-ups which are not linked to an appointment or other approved educational activity will be recorded as a half day of unauthorized absence.

In order to minimise disruption to the planned teaching and learning, we ask you to pick up your child early only at the following times.
